ABOUT ME

Aspiring Frontend Developer seeking an opportunity to contribute through strong web development fundamentals, problem-solving ability, and a willingness to learn. Interested in creating responsive, user-friendly interfaces and continuously improving technical skills.

TECHNICAL SKILLS

- Frontend Development
- HTML & CSS
- JavaScript
- Responsive Website

PROJECTS

Weather Forecast

- Developed a responsive weather forecasting website using API integration to fetch and display real-time weather information such as temperature and current weather conditions.
- Implemented a clean interface to make weather details easy to understand and access.

Lenscraft Opticals

- Designed and developed a user-friendly optical website interface with a focus on clear product presentation and convenient online appointment booking.
- Structured the pages for easy navigation and a smooth user experience.

Vegasip

- Vegasip is a modern fruit juice website designed to showcase different juice flavors, product varieties, and the Vegasip brand in a clean and attractive way
- The website provides a simple, user-friendly experience for exploring the products and brand.
